ELEVATOR OPERATOR

UPLIFTING MUSIC. REAL STORIES. GENUINE CONNECTION

ABOUT US

Elevator Operator is a high-energy indie pop/rock band from Olympia, Washington. Blending catchy synth and guitar textures with danceable grooves and heartfelt lyrics, the band creates shows that uplift audiences and remind people why—despite all the conflict in the world—it's still good to be alive.

Founded by Noah Bears R. (he/him), a licensed mental health professional and founder and former CEO of GoodTherapy.org, and Ivy Jordanne (she/her), a transformational life coach, Noah and Ivy convert the ups and downs they've experienced into songs that celebrate joy, resilience, and shared humanity.

Their keynote performances are more than just concerts, they're celebrations of life, a chance to reconnect with that steady place inside that can still feel hope, compassion, and gratitude. Through music, spoken word, and storytelling, Elevator Operator provokes the best in people, and audiences leave feeling lighter, more connected, and with a renewed trust in life.
